

VACUUM ABRASION HOSE

Heavy duty abrasion resistance suction hose BR180

Application:

Heavy duty abrasion hose for vacuum trucks and suction cement, sand, crushed rocks, gravels, grains and fertilizer.

Temperature:

-40°F/+140°F (-40°C /+60°C)

Tube:

Black smooth abrasion resistance SBR blended rubber with static carbon black .

Marking:

 PARAGON

Reinforcement:

Rigid PVC clockwise helix .

Cover:

Corrugated black SBR rubber with UV and abrasion resistance .

Light weight and flexible with extreme abrasion resistance.
